EDUCATION

BS in Computer Science
Norfolk State University
2017-2020 GPA 3.881
Summa Cum Laude, Dean's List Honoree

BA in Music Business/Production
Old Dominion University
2011-2013 GPA 3.6
Cum Laude, Tau Sigma Honor Society

WORK EXPERIENCE

Software Engineer

Booz Allen Hamilton Apr 2024 - Present

Completed feature implementations under compressed timelines for product deliveries; engaged in full stack agile development of application as well as ongoing application maintenance and modernization efforts; collaborated across dev, requirements, and test teams to ensure conformity to client expectations and established documentation; developed robust design documents and facilitated design review meetings with dev team; created parallel containerized .NET and .NET Framework exploratory applications with accompanying documentation for R&D purposes

Software Developer

Aermor Sep 2020 - Apr 2024

Implemented exponential SQL query optimizations and developed a comprehensive suite of stored procedures; employed UI/UX design principles to develop an intuitive and modernized app interface; delivered an application-wide, full stack modernization refactor to transition from .NET Framework to .NET Core Blazor implementation; identified and eliminated pre-existing security vulnerabilities to mitigate and prevent malicious threats; engaged in ongoing full stack application development/maintenance; established thorough technical documentation in code, UI, and external literature to promote development efficacy and user understanding

Junior Programmer

Hampton University CIT May 2020 - Sep 2020

Transitioned university SYS/ERP systems from Banner 8 to Banner 9; wrote and maintained pre-existing and on-demand SQL scripts to support university systems and infrastructure; migrated SQL scripts to ARGOS Reporting software to develop a comprehensive report catalogue for interdepartmental use

CERTIFICATIONS

Databricks Certified Data Analyst Associate	Sep 2025
CompTIA Security+ Certification	Oct 2025
